

# Light Commercial Modular Drainage System

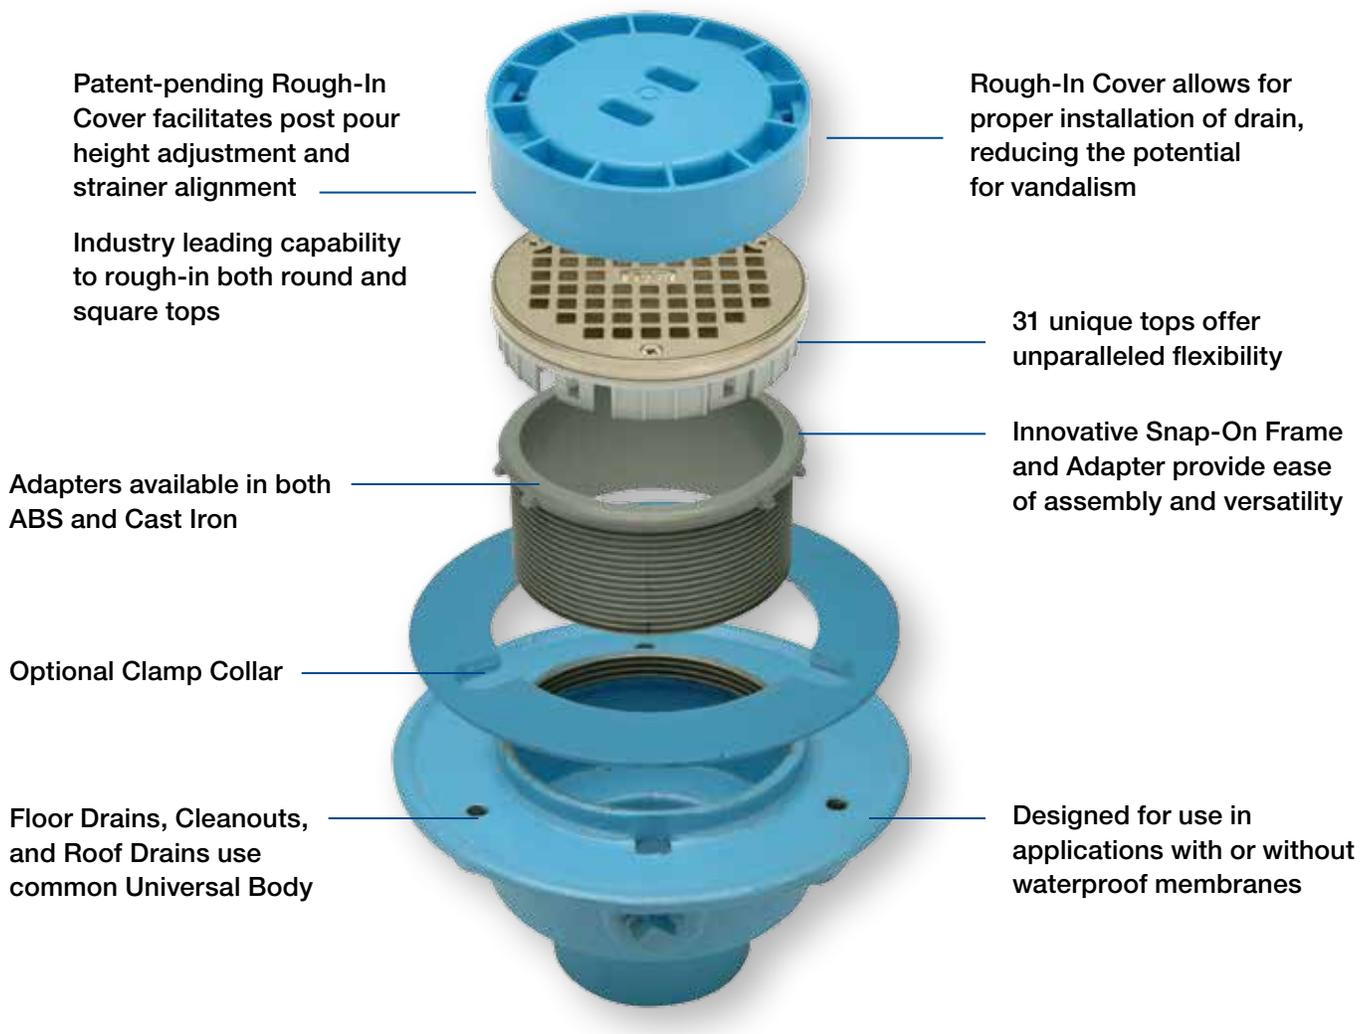

# Zurn Light Commercial Modular Drainage System

## The Challenge

- Our distribution partners have limited shelf space to provide the large selection customers demand.
- Plumbing contractors require readily available products that provide an exceptional finished installation for the building owner.

## The Zurn Solution

The new Zurn Light Commercial Modular Drainage System provides flexibility, the ability to configure-to-need quickly, and protection of the finish during the installation process. These products are designed with the needs of distribution partners, plumbing contractors and building owners in mind and offer each customer a unique value proposition. We recognize the demand for value, flexibility and capability and the modular design of the new Zurn Light Commercial products meet and exceed these demands.

Clamp Collar

Underdeck Clamp

## Choose Body

## Final Configuration

# Zurn Light Commercial Modular Drainage System

## Distribution Partners

- Modular design covers more applications with less shelf space
- Rapid replenishment improves inventory turns
- Planogram systems designed for ease of sale

## Plumbing Contractors

- Innovative patent-pending Rough-In Cover protects and allows for post-pour adjustment
- Universal body design allows easy floor drain, roof drain, and cleanout configurations
- Assembled units also available upon request

## Building Owners

- Patented features improve aesthetics and sanitation – no ponding
- Industry-leading selection of finishes, shapes, and sizes create long lasting visual appeal
- Replacement parts readily available with lifetime Zurn support
