

EZ Flush® Gen 2 Sensor Retrofit Kit

Remove the Handle. Go Touchless.

Our best-selling retrofit kit has a new look. Like its predecessor, the EZ Flush Gen 2 Retrofit Kit offers a touchless upgrade from existing handle-operated flush valves. The sensor flush supports a hygienic restroom experience by eliminating touch points, while its reliable, gear-driven operation outperforms temperamental solenoids. The new EZ Flush Gen 2 improves the look of most flush valves.

Contractor Benefits

- Quick installation takes less than three minutes
- Packaging includes the EZ Flush unit, four C cell batteries, battery compartment wrench, handle nut gasket, and handle nut wrench
- Universal retrofit accommodates conversion of most existing urinals and water closets
- Installs left or right side of the flush valve

Building Owner Benefits

- Gear-driven operation outlasts solenoids, minimizing replacement costs
- Internal sensor and motor components never encounter water, helping to prevent corrosion
- Durable, impact-resistant cover deters vandalism

User Benefits

- Touchless, accurate infrared sensor activation promotes hands-free experience
- True mechanical override button delivers on demand flushing
- Angled sensor allows for optimum user detection

EZ Flush Gen 2 Retrofit Kit for Water Closet and Urinal Flush Valves

Engineering Specifications

Zurn EZ Flush® Gen 2 Retrofit Kits are reliable and easily installed sensor retrofit kits for converting manual flush valves to hands-free operation. Ideal for commercial applications where converting to hands-free flush operation is desired. Installation is completed by simply removing existing handle and installing the side mounted sensor retrofit kit. Unit is battery powered, sensor operated and includes a true mechanical override button that delivers on-demand flushing.

Product Features

- Infrared Sensor
- User in-view L.E.D
- Low battery indicator light
- Optional 24 hour auto-flush setting
- 3 second delay flush
- True Mechanical Override Button
- 6 VDC Motor Actuator
- 4 "C" size batteries (Included)
- Included tools
Wrench for installation
Hex wrench for battery compartment

Compliance and Certification

- ADA Compliant
