Zurn Engineered Water Solutions® is a recognized leader in commercial, municipal, and industrial markets, delivering sustainable building solutions for new construction and retrofit applications.

At Zurn we are committed to providing smart solutions that save both time and money. Our goal is serving the customer through innovation, continuous improvement, and assurance behind every installation. Choose Zurn for a reliable, recognized manufacturer to supply your entire installation, from behind the wall rough-in, to finish trim product and fixture systems.

Z1800 Series Industrial Stainless Steel Drainage

Building Owner

Zurn understands that industrial applications, such as food processing or pharmaceutical manufacturing, require specialty products that create and sustain sanitary and safe environments. Zurn has designed the new Stainless Steel Drainage offering with this in mind to create the best product for the life of the building.

Why Zurn?

Safety

- Keep your workforce safe with exclusive anti-tilt grating
- Aesthetic grating options for any application
- Protect your investment with vandal-resistant options

Sanitation

- Eliminate unsanitary water ponding with sloped surface design
- Maintain a sanitary environment with high-quality stainless steel material

Zurn knows that proper cleaning is required to sustain a sanitary environment and ultimately reduce production downtime. Zurn's new Stainless Steel Drainage offering was developed with custom features designed for the end user to ease daily interactions with the drain and keep production going!

Why Zurn?

Maintenance

- Reduce cleaning time with easily removable grates

- Reduce cuts with burr-free sediment basket

Sanitation

- Maintain a sanitary environment with high-quality stainless steel material

- Eliminate unsanitary water ponding with sloped surface design

Zurn realizes the complexities associated with the specification process; selecting the right product for the right application can be a challenge. The new Stainless Steel Drainage offering is designed for industrial grade applications and supported by a specification toolkit to streamline the design process.

Why Zurn?

Specification

- Improve building design time by choosing a single source manufacturer for all your industrial plumbing products
- Optimize the design process with BIM/3D models and ZurnSpecSM specification platform

Performance

- Designed using state of the art computer simulation and verified with rigorous load testing
- Satisfy your customers by choosing trusted Zurn performance products

At Zurn, we understand that your time is valuable. Our new Stainless Steel Drainage offering is designed with innovative labor saving features to help your team finish the job faster.

Contractor

Why Zurn?

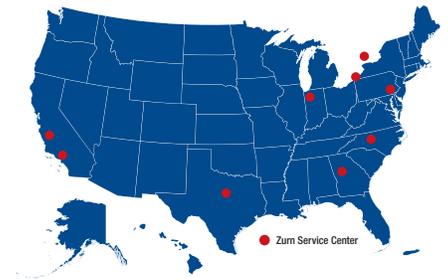

Labor Saving

- Save time on the job with patented Zurn stabilizer products
- Simplify product installation through easy height adjustment to ensure professional look and finish

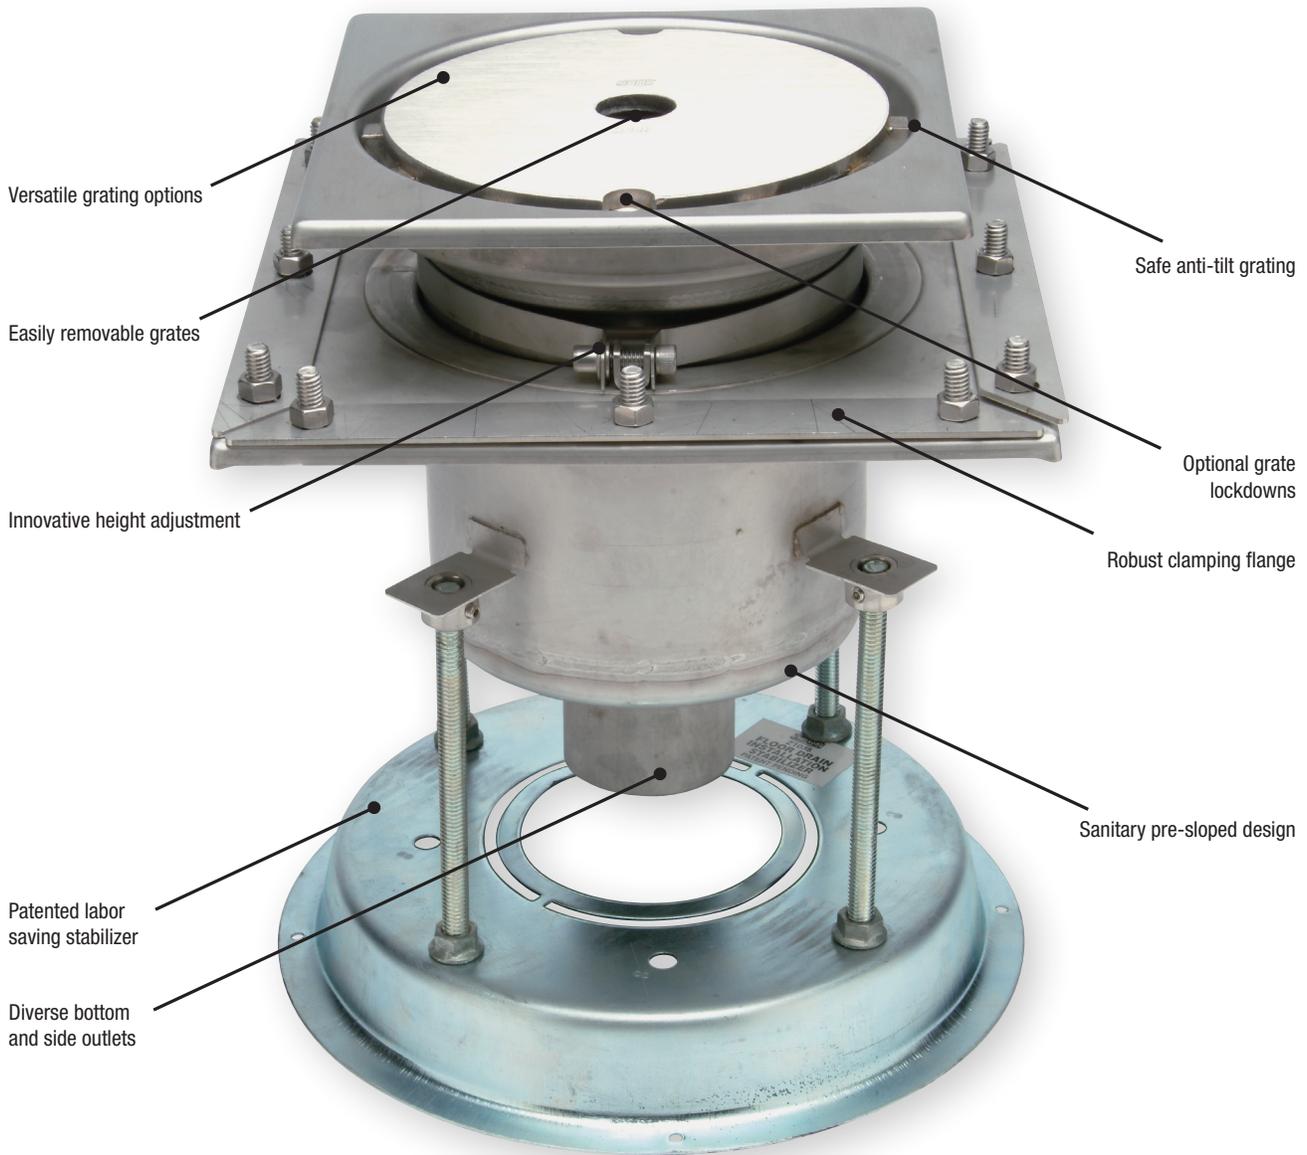

Delivery

- Locally stocked at Zurn service centers
- Individually packaged for safe arrival and easy sorting

Z1800 Series Industrial Stainless Steel Drainage

Perimeter Cover

12" Cover Options

- Extra-Heavy-Duty Perimeter Drainage Cover (Standard)
- Special-Duty Perimeter Drainage Cover (-PCS)

8" Cover Options

- Heavy-Duty Perimeter Drainage Cover (Standard)
- Extra-Heavy-Duty Perimeter Drainage Cover (-PCX)

Slotted Grate

12" Grate Options

- Heavy-Duty Slotted Grate (-SGH)
- Medium-Duty Slotted Grate (-SGM)

8" Grate Options

- Heavy-Duty Slotted Grate (-SGH)
- Medium-Duty Slotted Grate (-SGM)

Perforated Grate

12" Grate Options

- Medium-Duty Perforated Grate (-PGM)

8" Grate Options

- Medium-Duty Perforated Grate (-PGM)

6" Grate Options

- Medium-Duty Perforated Grate (Standard)
