

Connected Hardwired Sensor Faucet Retrofit Kit

Connect for Better. Retrofit for Easier.

Compatible with
Z6950 and Z6955 faucets.
Hardwired option only.

Connect your standard hardwired Z6950 or Z6955 faucet to plumbSMART™ without replacing the fixture. The P6950/55-RK-W1 Retrofit Kit simplifies the entire system upgrade, so you can start benefiting from insights.

We're all about connecting you to a better experience. We designed our retrofit kit, so you can upgrade using less of your time and less of your budget.

Better Experience

Once you're connected, gain these insights through the secure web portal, plumbSMART, no matter what you're doing.

- Wireless monitoring of faucet usage patterns
- Water consumption metrics and trends
- Real-time preventative maintenance alerts 24/7

Connect a better experience.
